

SUP SROKA 9'9"

Paddle for everyone ...

Developped by:

Chris BALLOIS :

World speed record disabled sailor

Christophe MARTIN :

Creator of “Handikite” activity

Trainer for the French Water-Skiing Federation

In association with the Mallet Foundation and the medical staff from their rehabilitation center in Richebourg (Yvelines)

This support is fun and easy to carry. It is a new way for disabled people to do sport or just use with your family.

Length : 300 cm / 9'9"
Volume : 300 L

Width : 91,5 cm / 36"
Weight : 13,2 Kg / 29 Lb

Thickness : 15 cm / 6"
3 removables fins

Cruising...

Adapted for disabled people with special reinforced anchor points to fix a seat.

Seat Anchor points
for cruising use

Access for disabled people

Equipped with flexible handles to climb and hold on to it.

An unequalled stability to practice either in a standing or sitting position even on rough water.

Perfect width and volume for a use in pairs.

Lying position

You can surf lying down alone or with an instructor.

Wave...

Its front part (nose rocker) raised by 25 cm (the highest of all inflatable SUP). Perfect to pass above waves, practice in whitewater and on waves in seated position.

Seat anchor points
for wave use

Multipurpose and family use

It will give real pleasure your family : both adults and children.

Kite - SUP

This support allows you to discover kitesurf in a fun way.

You can have fun whatever your posture is, with or without a seat.

You can play also in waves.

Specific equipments :

- Front carrying handle.
- Front and back tow hooks.
- Front inflation valve to free the back part.
- 8 strengthened anchor points for a seat or shell use when practicing in the sitting position : multi-adjustable positions from “crusing” to “wave”.
- 2 front grab handles to surf when lying down or hold on to it.
- 2 side handles for the instructor’s lying position when used in pairs / also allows to seat properly.
- 2 handles to climb from the back.
